

DEAR BROTHER FLORIST:

September, 1955

Again it is our pleasure to mail you our wholesale list. This has been an hard season on Delphinium and Perennial Plants as month of July had over 20 days of 90 to 98 degrees.

Our early Sowings are beautiful plants as they were well established before the heat started.

Prices have advanced only slightly due to high cost of labor, boxes and packing material.

However we have cut our prices as low as we possible can.

Our terms are always cash or C. O. D., only well established Firms are 30 days credit extended.

All goods travel via Railway Express, if wanted by parcel post please add sufficient postage if overpaid we will refund money same day.

Too many people send 25 cents for a 1000 plants to be shipped in 3 or 4th Zone which is over \$1.25 per 1000 plants.
